In these increasingly difficult times for musical art and culture in general, and especially for the upcoming generations of talented young musicians, you have earned a big THANK YOU because without your help the Competition couldn't be held.

We will make sure that you have a contact with the young musicians and their performances even after the competition is over by granting you access to the *online* platform, on which all recordings of this year's (13th competition) competitors, as well as the 12<sup>th</sup> and 11<sup>th</sup> competition will be stored, as numerous other surprises, all in the performances of the best young musicians.

The more friends we have, the more strength we gain for future change - in the government, public services, everyday life, the lives of young musicians. Together we are stronger, together we make a difference.

As our friend you will also receive our newsletter, share your stories and shape our work.
